

May 15, 1939

Mr. Harvey Thomas
Water Commissioner, Price River Distribution
Price, Utah

Dear Mr. Thomas:

Reference is made to the modifying restraining order Civil No. 3773 between Spring Glen Canal Co. and the State Engineer dated May 8, 1931 and signed by Judge Christensen.

In so far as our records show, water distribution should still be made in accordance with this order. Unless there has been a later court action affecting this company, it appears that Spring Glen has the rights as set out in this judgment.

Yours very truly,

WDC/eca

Wayne D. Criddle
STATE ENGINEER
